

CONDUIT MOUNT

CONDUIT SUPPORT FOR ALL ROOF TYPES

The Conduit Mount Brackets can be installed onto a variety of roof types to lift electrical conduit off the roof surface, preventing wiring from overheating. The bracket features EcoFasten's patented watertight technology and can be paired with a GF-1 flashing on a new or retrofit composition shingle roof. They can also be combined with a SimpleSeal bushing for use on metal roofing.

FEATURES & BENEFITS

- Patented Watertight Technology
- Mounts conduit off the surface of the roof to meet code
- Brackets can be mounted in any orientation
- Compatible with a variety of mounting systems

FAST INSTALLING & CODE COMPLIANT

- 

ROOF TYPE

All roof types
- 

RACKING

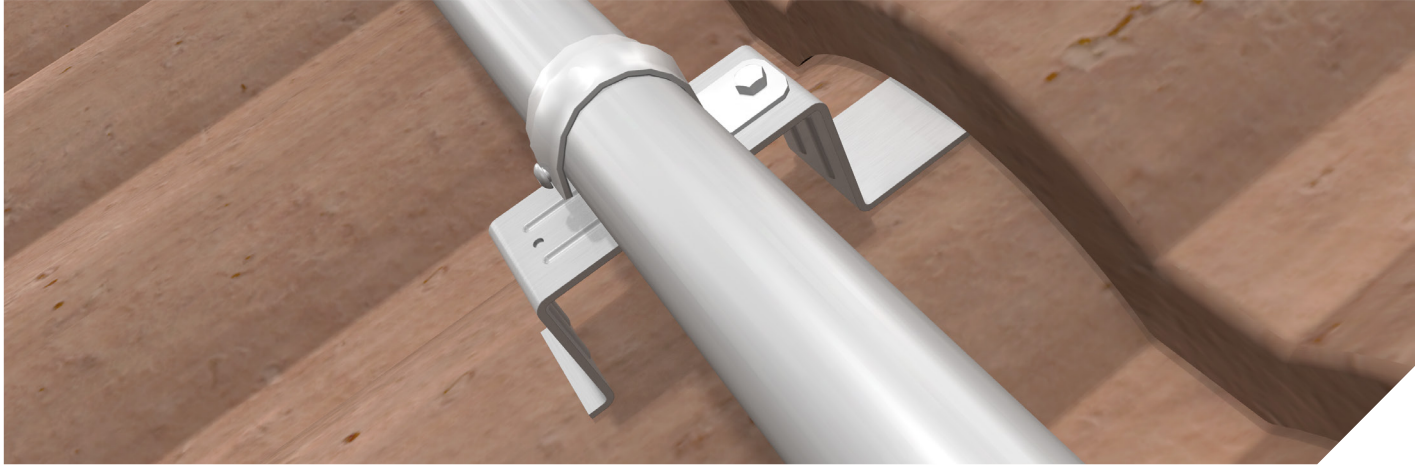

Rail-less & rail-based
- 

ATTACHMENT

Direct attach or hooks directly to tile
