

# SIM SUPPORT

## WATERTIGHT BRACKET WITH CENTER LIFT

The SimSupport bracket has two attachment points and utilizes our simple seal bushing for a watertight attachment. The SimSupport bracket can accommodate any type of third-party bracket or EcoFasten compression bracket. Due to its small foot print, the mount is ideal for narrow pans between ridges.

## FEATURES & BENEFITS

- Patented Watertight Technology
- Compatible with a variety of EcoFasten attachments and roof mount components
- Ideal for narrow pans
- Two attachment points for optimum pull out values

**STURDY, DUAL FASTENER MOUNT  
THAT FITS IN NARROW PANS**
