

CLICKFIT

WIRE MANAGEMENT CLAMP

The Wire Management Clamp is the newest addition to our eBoS offering. Designed for use with our rail-based ClickFit System, this 2-piece clamp installs quickly to the rail, securing system wires in place with one self-piercing screw.

Features & Benefits

- Attaches anywhere along the ClickFit Rail
- Clamps up to 4 PV wires or 2 trunk cables at a time
- Can rotate 360 degrees for wire management in any direction
- Made of UL-rated material
- Powerful clamping strength so wires don't sag
- Rounded edges to protect the wires
